

Welcome to The Hard Rock Farm Show!

Swiss guitarist **Cep** has melded his two great passions: heavy metal and cows - to create the one of a kind **POWERHILL**. Dubbing it "**farm metal**", Powerhill is a band of head-banging peasants delivering a brew of classic hard rock, hair metal and sleaze rock.

Cep found the inspiration for Powerhill in a dark and dirty stable in Taverne, Switzerland, which became a rehearsal space as he wrote music and formed his band. Debut single "**New Dimension**" found its way onto the "**Heavy Metal Nation III**" compilation in 2006, and Powerhill's unique live show caught on in a country which claims a strong hard rock-metal legacy (Gotthard, Krokus, Killer). Despite the good momentum, a forced hiatus shut the peasants down.

The determined **Cep** was finally able to regroup in 2018, again finding audiences for his band's performances. Self-produced singles "**Mad Cow City**" and "**Powerhill**" dropped in 2019; post-lockdown releases then included "**Covid-20 - Pandemic on the Farm**" and "**You're Hated**".

Powerhill powers on, releasing the **Bunnies and Eggs** EP in 2022 and new tracks "**Daily Job**" and "**I Can Wait For You**" in 2023. The band line up has evolved to include their first frontwoman, **Veronica Torre**, and the crowd-favorite cow mascot **Clotilde** joining **Cep** and his hard rock peasants for unforgettable concerts with timeless hard rock anthems.
